11:30 am: Enjoy food, each other, music, and come learn about all the great initiatives of our partner organizations.

PLEASE NOTE: The Clean Air Run strives for as little waste as possible. Help us by not bringing in any trash and by bringing a reusable water bottle with you and a canvas bag for any materials you pick up. We will not be providing single use disposable items, like utensils, plates, and water bottles. We will, however, have water stations, recycling, and composting services at the event.

As we are promoting active and public transport (walking, running, biking, city bus, etc.) we are offering reduced priced tickets for those of you who are using active or public transportation to travel to/from the race. For those of you driving to the race (non-active transport), there is a \$2 fee for ticket purchases.
